

Going to the Hallam clinic

I am going to see Danielle for speech therapy

We are going to the Hallam clinic. I might go in the car

We might park the out the front

Or we might park out the back

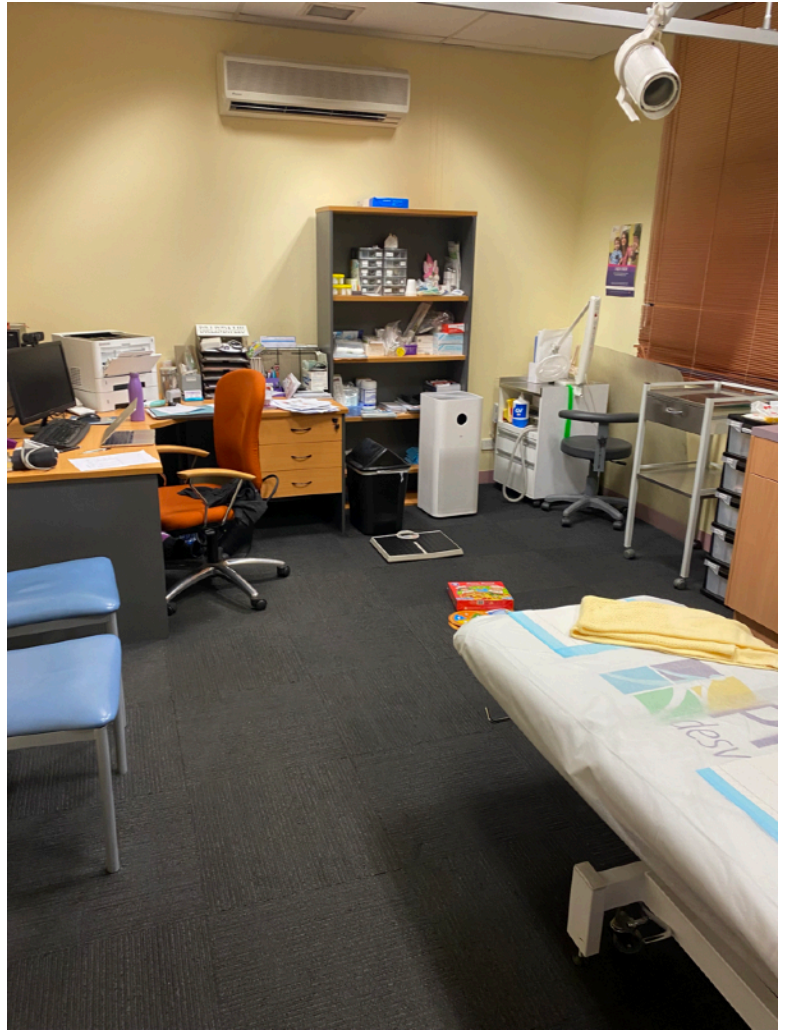

We wait in the waiting room

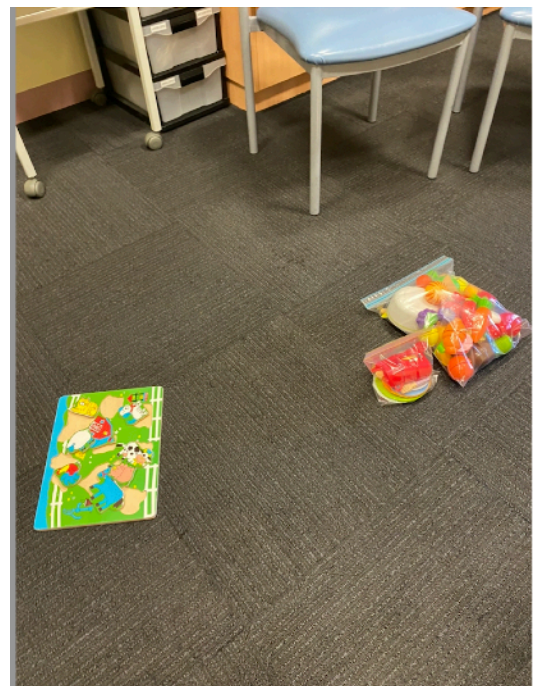

I might see the staff

The clinic room might look like this

There will be toys and games

I might do playing on the table or on the ground

Danielle will talk to my mum, dad or adult
